

## **Foxtail Industrial League**

### ***Condition of Competition***

In order to make sure that everyone is following the rules for League Play – please provide this information to all players. This list will be posted online and changed from time to time as questions arise:

All USGA and local Foxtail Golf Course rules apply.

- Alternate rule for Stroke and Distance Rule E-5 is in effect
  - This rule allows a player to treat OB as a penalty area except the ball can be dropped on to the fairway – no closer to the hole where the ball crossed the penalty area. 2 stroke penalty.
  - Rule E-5 is also permitted for lost golf balls. Ball to be dropped onto fairway – 2 stroke penalty.
  - At no time is a player permitted to play out of the OB area.
- Players may bump their ball, no more than 6 inches, through the green. The 6-inch bump allowance does not apply in hazards, sand traps or on the green.
- Sand traps – if your ball comes to rest in a disturbed area (aka unraked) – players are provided free relief and can place the ball in the bunker in a clean lie or by using their foot or club create a spot which is flat, no closer to the hole.
- The use of “gimmies” is permitted in Match Play. Gimmies can only be given by the opposing team.
